Dear Mr. Fischer:

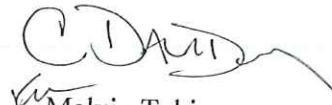

The U.S. Fish and Wildlife Service (Service) has reviewed the information supplied in your letter dated March 18, 2015, regarding the proposed construction of six broiler houses for Austin Davis near the city of Ravenden Springs, Sharp County, Arkansas. Our comments are submitted in accordance with the Endangered Species Act (ESA; 87 Stat. 884, as amended 16 U.S.C. 1531 et seq.) and Bald and Golden Eagle Protection Act (16 U.S.C. 668-668d).

The Service concurs with your determination that the proposed construction may affect, but is not likely to adversely affect the Gray Bat (*Myotis grisescens*), Indiana Bat (*Myotis sodalis*), Missouri Bladderpod (*Physaria filiformis*), Rabbitsfoot (*Quadrula cylindrica cylindrica*), Scaleshell (*Leptodea leptodon*), Pink Mucket (*Lampsilis abrupta*), Ozark Hellbender (*Cryptobranchus alleganiensis bishopi*), Snuffbox (*Epioblasma triquetra*), Curtis Pearlymussel (*Epioblasma florentina curtisi*) or Northern Long-eared Bat (*Myotis septentrionalis*).

Please be aware Bald Eagle is not protected under the ESA. Bald Eagles are protected under the Bald and Golden Eagle Protection Act (16 U.S.C. 668 et seq.).

We appreciate your interest in the conservation of endangered species. If you have any questions, please contact the Arkansas Ecological Services Staff at (501) 513-4487.

Sincerely,

Melvin Tobin
Project Leader

RE: Austin Davis Broiler Houses
TA0104

Dear Mrs. Lombardi,

We have reviewed TA0104 regarding the proposed construction of six broiler houses for our client, Austin Davis, dated November 5, 2015. After a few site visits and surveys we believe that this project will "not adversely affect" any endangered/threatened species listed in TA0104.

The construction of the proposed improvements will involve the minor clearing of a few trees and the best management practices (BMPs) implemented should minimize/eliminate any adverse effect to the surrounding area during all construction activities. Please review the attached stormwater pollution prevention plan and supporting documents and issue a concurrence letter if you agree that this project will "not adversely affect" any endangered/threatened species in our project area.

Sincerely,

Travis Fischer, PE CFM
President

Travis,

My contact information is below for future reference. Please get back with me once you find out when the trees will be cut down for the Austin Davis project. Thanks

Tommy,

The owner, Austin Davis, called today and said all trees needing to be removed for the project are removed as of 4/11/16.

If you have any questions or comments, feel free to contact me at your convenience.

Thanks,

Travis Fischer, PE CFM
